FACSIMILE COMMUNICATION

Title : MOLECULAR SCALE ELECTRONIC DEVICES

Commissioner for Patents
Washington, D.C. 20231

Sir:

Attached to this facsimile communication cover sheet is a collection of background publications and portions of the same, faxed this day of November 8, 2001, to Group 2818, the United States Patent and Trademark Office. These publications are intended to serve as a point of discussion as to the distinctions between the claimed invention of the above-referenced case, and the cited prior art. We have sent only the relevant pages of United States patents, and a textbook on the subject of monolayers. We can readily supply you with the complete patent specifications if you find it necessary.
